

Asphalt Tape – Self-Adhesive Polymer Modified Bitumen Tape

Property	Test Method	Result
Product Name	-	Asphalt Tape
Technical Classification	_	Self-Adhesive Bitu <mark>minous T</mark> ape
Base Material	_	Polymer Modifie <mark>d Bitum</mark> en (SBS)
Color	Visual	Black
Application Method	-	Cold Applied
Thermal Stability	ASTM D36	≥ 120 °C
Low Temperature Flexibility	ASTM D5147	−30 °C
Roll Length	Internal Standard	8 m
Roll Width	Internal Standard	50 mm
Tape Thickness	ASTM D5147	5 mm
Adhesion to Asphalt	ASTM D1000	Excellent
Adhesion to Concrete	ASTM D1000	Excellent
Adhesion to Metal	ASTM D1000	Excellent
Water Resistance	ASTM D570	Excellent
Primary Function		Joint Sealing & Crack Prevention
Typical Applications	_	Patchwork, trench repair, manholes
Packaging	_	Carton with 5 rolls (8 m each)
